

Coronavirus (COVID-19) Safety Measures

For information on our control measures across all Aspire schools, please check our Aspire website. <http://www.aspireacademytrust.org/1434/coronavirus-covid>

School Ties in KS2- At Skol Nansledan, we have made the decision to make the wearing of school ties in KS2 optional at this time. They are washable but please be aware that the metal clip may snag other items of clothing in the wash.

Nansledan Autumn Newsletter 5

Date of Issue:

9th October 2020

Story Jar Winners-

Well done to our story jar competition winners across school. They will be receiving a book token as their prize. Photos are on the next page. Simply brilliant!

What is A Recovery Curriculum? This is an amended curriculum for children returning to school in Autumn 2020, acknowledging that there have been big losses to children as the result of school closures during the pandemic. The focus for schools this autumn is on ensuring that pupils are ready to learn and, as such, social and emotional learning is being prioritised. The act of recovery is at least as much an emotional and social one as it is academic, and our ability to recognise and plan for this is essential to our learners' eventual success. An increased proportion of curriculum time needs to focus on wellbeing to help our children recover emotionally while sensibly addressing their gaps in learning. As a result, we have weekly wellbeing activities planned.

Academic recovery in the Autumn Term relies on an increased focus on the key fundamental skills. Increased time in each class is being spent on reading, writing and maths through whole school strategies, targeted support to address identified gaps in learning and personalised support for those who need some extra catching up. We plan to keep our STEAM curriculum themes but recognise that, in the Autumn Term, time must be dedicated to vital catch up learning. Addressing the negative impact of school closures will require a sustained response but we will work hard to get our pupils back on track, returning to our full and broad curriculum by the Summer Term.

Further information is available on the school website. https://www.nansledanschool.org/web/our_recovery_curriculum_2020-21/510134

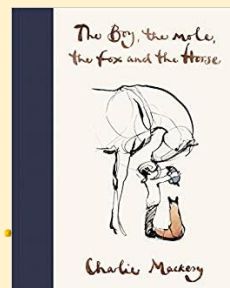

Remote Learning & Google Classroom

The Aspire Schools have plans in place to support the learning of pupils in school at the same time as any who are self-isolating but well enough to continue their learning. This is called our remote learning plan, details of which were shared with you on Monday. We are using Tapestry for EYFS and Google Classroom for EYFS.

Thank you for your patience while we have been addressing glitches in the system. IT can be so frustrating when it doesn't work. Please contact us if you are having any trouble accessing Google Classroom (Y1-Y6) and haven't already done so.

Reading Books- If you still have a school reading book at home from before the March 2020 school closure, please send these into school with your child at your earliest convenience. We need them, please!

Have
you
read...

The Boy, the Mole, the Fox and the Horse
by Charlie Mackesy?

Music- The Cornwall Music Education Hub is funded to support the music education of the children and young people of Cornwall. They are inviting feedback from children regarding what music activities they are currently involved with and what they would like to do. Please take the time to complete the short and anonymous questionnaire.
