

I'm going back to school

Over the past few months, I have not been at school. I have been staying home because of Coronavirus. During this time, I have been doing my schoolwork with my parents/carers.

Lots of my friends have been staying at home too, but some have been at school. The Government said that if parents had keyworker jobs, they could send their children into school if they wanted to so that they could go to work.

Schools were closed to help keep us safe from coronavirus, but now that the virus is more under control and not so many people are getting poorly, the Government have decided it's safe for us all to go back to school. Fantastic!

I go to Nansledan School. I can't wait to see my friends!

When I return in September I will be in Trevithick Class. This is a different class to the one I was in before. It is upstairs!

My teacher will be Miss Quirk.

We've missed you and are looking forward to seeing you on September 7th.

Other adults in my room will be:

Mrs Steele

Miss McCauley

Mr Maloney

My first day back at school will be Monday 7th September. When I arrive I will come in through the door on the left, leading to the yellow staircase. It is okay if I'm not sure, because there will be somebody there to help me find my new classroom.

I'll get to see the friends in my class, I can't wait! I haven't seen some of them since March.

The classrooms might look a little bit different to how they looked before and the tables might be arranged differently, but I'll soon get used to any changes.

Mostly, school will be much the same as before but things like playtime and lunchtime might be a bit different. We will have to spend the day in our class 'bubbles' so we will have lunch and playtimes together, we won't be able to play with the other children in the school just yet.

There might be a few new rules to learn too, such as washing our hands more often and not going into other classrooms but I'll soon get used to it.

Some of the toys and equipment might not be around to use, but they are just safely packed away for now and we'll have them out again soon.

My teachers are really looking forward to seeing me back at school and they are hoping that we'll have lots of fun!

If I'm worried about anything when I come to school, there will be lots of grown ups around and they'll be happy to help me. My friends can help too!
