

## Coronavirus Questions & Answers

Today you should have received a letter updating you on our current arrangements for school places and our plans going forwards. It is frustrating that we do not yet know more but please be assured we will update you as soon as we are able to.

The coronavirus guidance page on the main Aspire website aims to keep you updated on the measures in place:

<http://www.aspireacademytrust.org/1434/coronavirus-guidance>

## Nansledan Summer Newsletter 2

Date of Issue:

19<sup>th</sup> June 2020

Pupils have been busy with our first online Science Challenge. Results to be announced very soon!

Please support us by entering the National Book Tokens prize draw. You could win £5,000 of National Book Tokens for our school library – and if your entry is picked, you'll also get £100 of National Book Tokens to spend on yourself!

To enter, please go to

<https://www.nationalbooktokens.com/schools>

### Storytelling Nanners

Staff enjoyed sharing some of their favourite books with your children throughout April and May on our You Tube channel and sharing these across Facebook and Twitter.

We have now moved these across to google classroom and this allows pupils to share their own with us. Perhaps your child would like to share a story in this way? They can share it with just their teachers, the wider class or it could even be shared on our school twitter feed.

Calling all  
NANNERS!

(Yes, you!)

Following the success of our teacher storytelling sessions, we need you, our fabulous pupils, to make some of your own!

Simply video yourself retelling your favourite story and upload it to your Google Classroom! Your story may then appear on our school Twitter feed! #storytellingnanners

### Home Learning & Google Classroom

This week's home learning has been all about inspiring people. Staff have been sharing who inspires them, on Twitter, throughout the week. Meanwhile, KS1 & 2 pupils have been sharing their own work via google classroom and our younger children have been sharing their learning through Tapestry.

We look forward to announcing the winners of our recent Science Challenge. Entries were of a very high standard and we are really proud of the effort and enthusiasm pupils have shown. We will be awarding certificates for perseverance, innovation and communication so look out for an announcement on Social Media.

### Cornwall's Virtual School Games

Nansledan School is taking part in the first ever Virtual School Games. We are really excited about the opportunity to get children involved in competitive sporting activities whether they be at home or attending a school pod. Starting on Monday 22<sup>nd</sup> June, all pupils from Reception to Year 6 can take part in virtual challenges, so that we can work as a team both at home and in school.

Each challenge comes with an activity card to explain the rules which is available in your child's Google Classroom. To take part, all you have to do is photograph your attempt and upload it to your child's Google Classroom and we can submit it from there. Alternatively, you can post your attempt, name, school year and result on Facebook, tagging @CornwallSchoolGames or Twitter using the hashtag #nansledanvsg2020. Best of luck, everyone!

Thank you for your support,

*Mrs Vicky Dilnot*
